Box No. V Reasoned statement under Article 35(2) with regard to novelty, inventive step or industrial applicability; citations and explanations supporting such statement

1. Statement

Novelty (N)	Claims 1- 57	YES
	Claims	NO
Inventive step (IS)	Claims 1- 57	YES
	Claims	NO
Industrial applicability (IA)	Claims 1- 57	YES
	Claims	NO

2. Citations and explanations (Rule 70.7)

NOVELTY (N) & INVENTIVE STEP (IS) Claims 1- 57

None of the citations individually or in obvious combination disclose the invention of the above claims. Particularly none of the prior art documents disclose a security article with one transparent layer carrying parts of an image in a first colour and another transparent layer carrying parts of the same image in a different colour and the layers laminated so that the parts of the image are superposed one over the other.

The appended claims define features based on the inventive concept of the independent claims. Claims 1- 57 are therefore novel and inventive and satisfy the criteria of PCT Articles 33(2)-33(3).

All of the claims 1- 57 satisfy the requirement for industrial applicability.
